

Will Builder

INSTALL GUIDE

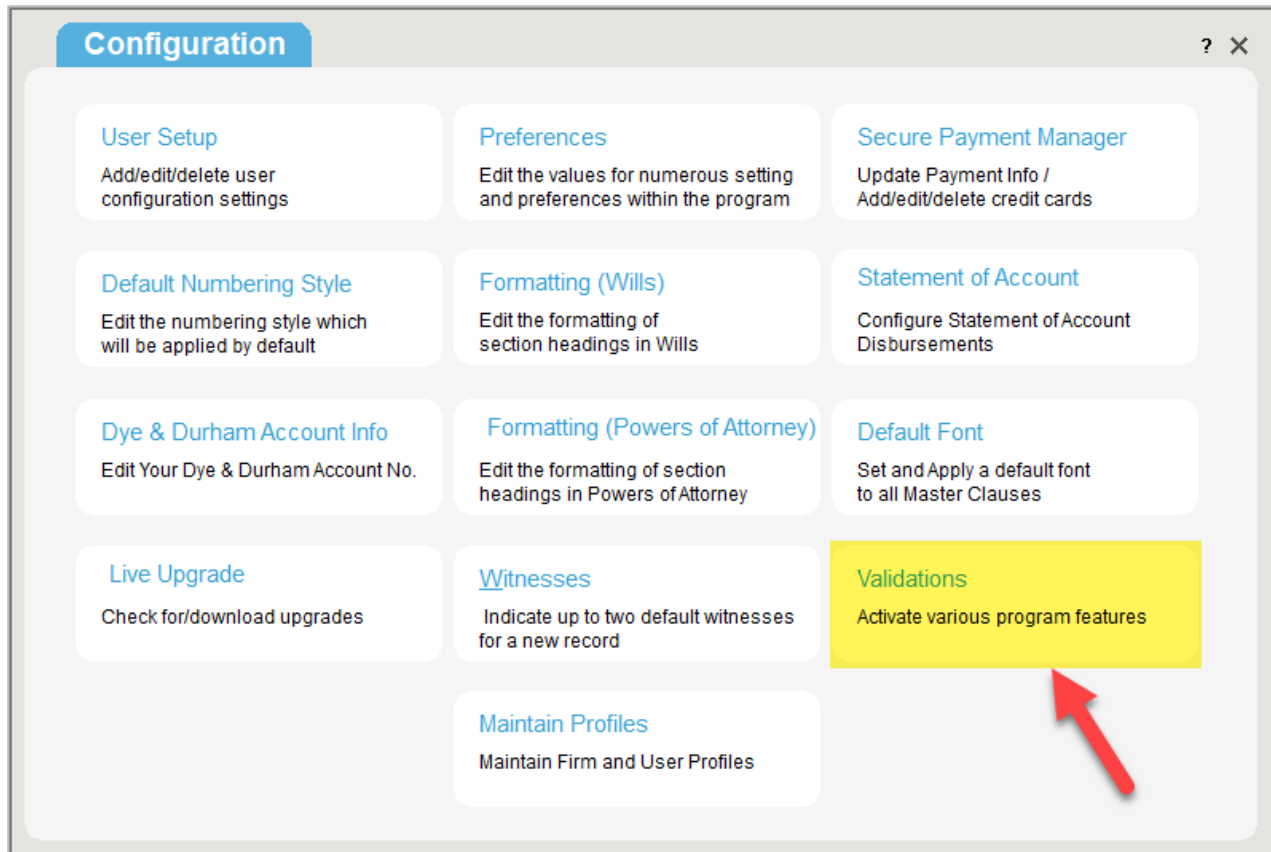

1. Open the following link <http://desktop-apps.doprocess.com/install.htm> and download the installation program. It should appear in your default downloads folder as **Setup.exe**.
2. Double-click and open Setup.exe. Enter the Account ID and Download Password you received via email in the blank fields and click Next.

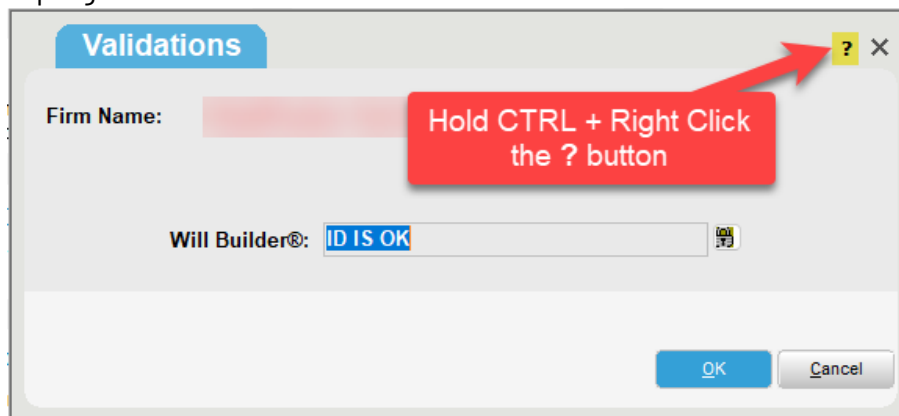

3. On the following screen, you have the option to change the Program Folder and select your Word Processor. Click Next and the program will download.

4. Will Builder will launch and present you with a configuration menu. Please click the Validations button.

5. In the Validations window, **hold down the CTRL key and right-click on the question mark** at the top right of the window:

6. A second Validations window will appear. Copy, and paste the Validation Code that you received via email in the field at the bottom of the window. Click OK.

A screenshot of a software window titled "Validations" with a close button (X) in the top right corner. The window contains the following text: "Activation Code: [redacted]" and "Call Do Process Software 416.322.6111 for your validation codes." Below this is a grid of 18 yellow input boxes, numbered 1 through 18 in three rows of six. A red arrow points to a long yellow text input field at the bottom of the window. At the very bottom are "OK" and "Cancel" buttons.

Validations

Activation Code: [redacted]

Call Do Process Software 416.322.6111 for your validation codes.

1	2	3	4	5	6
7	8	9	10	11	12
13	14	15	16	17	18

[Red arrow points to the long yellow text input field below the grid]

OK Cancel

7. Finally, you should receive a pop-up confirming the product validation. Click OK to restart the program.

A screenshot of a small pop-up window titled "Validated OK! - Program will restart." with a close button (X) in the top right corner. On the left is a yellow warning icon. To the right of the icon are three labels: "Licensee:", "No. of Users:", and "Network:", each followed by a grayed-out text field. An "OK" button is located in the bottom right corner.

Validated OK! - Program will restart.
